

Dear Parent/ Carer,

We are looking forward to welcoming your child into S1 at Linlithgow Academy in August. We were unable to host the P7 transition evening in March due to the COVID 19 situation and therefore are running a live webinar to replace this session.

Date - Monday 8th June

Time - 7pm

Duration - 90 mins max

Platform - Zoom (hosted and facilitated by LA Parent Council)

Outline of the evening

The Senior Management Team at Linlithgow Academy will present information about the school including our support structure, channels for communication and our curriculum as it usually operates.

There will be an opportunity for questions at the end of the presentation and an exit poll to gather feedback on the session. We may not be able to answer all questions and will use unanswered questions to inform our next steps and communications.

Due to the rapidly changing landscape around COVID 19, we will be unable to discuss or share information around plans for June or the initial return to school in August but we will of course inform you of details as they emerge over the coming weeks.

There will be a further groupcall later in the week with the Zoom invitation which you can use to join the session.
